

OMS Tech Committee Meeting
5/12/09

Present: Julee Accardo, Paul Appel, Bill Eagle, Dan Myers

- 1. Building Tech Levy budget updates:** Current budget balance is approximately \$200. District technology personnel have recommended not purchasing additional memory, suggesting it is a better use of monies to purchase new equipment. We have heard it may be possible to get an eMac for \$199. Paul will investigate, and if this is so, the committee approves purchase of one with remaining budget.

- 2. New Computer Lab:** Noted that the building is moving ahead with creating an additional computer lab. It will be set up in room 114.

- 3. Draft 2009-10 Building Tech Plan:** Reviewed current plan to see what areas should be updated. Wonder if staff are not fully aware what the questions on the tech survey describe, and suggested next time the survey goes out we include examples and define “rarely”, “sometimes” and “regularly”. Feel we may have more staff at Tier 2 than the current results show. With this in mind, will leave goals as they are in the 2008-09 Tech Plan but perhaps add something about building awareness of the survey questions.

- 4. Next meeting:** TBD 2009-10
